COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING MARCH 23, 1959:

The meeting was called to order by President Layton. Trustees present were Blakely, Dettling, DeVine, Sartin, Socks and W. Wall.

The minutes of the previous meeting were read and approved , as corrected, on a motion by Dettling, supported by Wall.

Following is the correction, taken from the meeting held March 16, 1959:

"After studying the bids, it was moved by Blakely and supported by Wall that the bid of William Terns be investigated." This should be as follows: "After studying the bids, it was moved by Blakely and supported by Wall that all bids be investigated."

The Council at this time discussed the bids for the collection of garbage and rubbish in the Village. Mr. Victor Sindlinger, Supt. of Public Works, reported to the Council the following: That he, and a representative of the Washtenaw County Health Dept. visited the sanitary fill site and the equipment of William Terns and found both to be in unsatisfactory condition at this time. The representative from the Health Dept. would not recommend these conditions as they now exist. Mr. Sindlinger also stated that he had made some investigation of the landfill sites and equipment of the Jones Hauling Service and Smittys Garbage Service and would have a full report at the next meeting.

After hearing this report, it was moved by Wall and supported by Dettling that all bids be rejected and the Clerk be authorized to re-advertise for bids again, these bids to be opened at the regular meeting of the Council, April 13, 1959. Motion carried.

The Clerk was authorized, on a motion by Wall, supported by Socks, to request the price of a gasoline storage tank. This tank to be used to supply village vehicles with gas for village purpose only. Motion carried.

The following bills were presented for payment and were so ordered paid on a motion by DeVine, supported by Sartin.

A preliminary report to the Council regarding the study of the Sewage Disposal Plant by the Michigan State Health Dept. shows the need for at least one new chlorinator at the plant. It was reported also that a stand by chlorinator must be installed at the same time. An official report will be forwarded to the Council in the near future. The study of the Disposal Plant had been requested by the Village Council so as to determine its capacity and/or the need of expansion of same.

The Clerk was instructed to issue purchase orders for fuel oil for the Fire Hall to D.E. Hoey & Sons, Alber Oil Co. and Standard Oil Co., same as in past years.

Trustee Dettling reported that the Ordinance Committee had met to review the present Village Ordinances, but stated that no recommendations would be made until a ~~XXXXXX~~ thorough search and study had been made.

The Council wishes to remind parents that the Village Curfew Ordinance will be enforced. Said ordinance states in effect that no person under the age of 17 shall be on the streets, or loitering in any area after 10 P.M. , Sunday through Thursday and 11 P.M. on Friday or Saturday. Exceptions to these hours are if the person under the age of 17, are accomponied by a parent or there is a special event being held at the schools, churches or other recognized gathering. In such cases, consideration will be given ~~XXXXXX~~ these persons for the time it would ordinarily take to get to thier homes.

The following bills were presented for payment and were so ordered paid on a motion by Wall, supported by DeVine.

The meeting was called to order by President Layton. Trustees present were Blakely, Dettling, Sartin and Socks. Trustees absent ~~XXXXX~~ were DeVine and W. Wall.

The meeting was called for the purpose to meet with Mr. E.A. Wolter, chairman of the Library Board and discuss future plans of the Board, and also to discuss the recent survey of the Sewage Disposal Plant.

Mr. Wolter stated that the use of the Library has increased to a point where it is necessary to consider the enlarging of the present building, and also to keep the Library open more hours per week. Remodeling of the present building was also brought up. This would consist of removing the fire place and chimney to make more room for shelving and to install new lights and paint the ceiling. Money for this work would come from the Library Reserve Fund, if approved by the Village Council. Mr. Wolter also stated that the present Library Board is an interim Board and consideration should be given in the near future to make it a regular Board. It was also stated that the Library could be one of three types, namely; 1-A Village Library, such as it is now; 2-A Township controlled Library (Scio, Webster and Dexter Townships); 3- A School District Library

Mr. Wolter was advised by the Council that these matters would be taken up at an early date, during a regular Council meeting.

Further discussion was held on the report of the recent survey of the Sewage Disposal Plant. Because of the many aspects of the report, it was decided to table it until the next regular meeting, and to further study same.

COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING MARCH 28, 1960:

The meeting was called to order by President Layton. Trustees present were Dettling, DeVine, Socks and W. Wall- Trustees absent were Blakely and Sartin.

The minutes of the previous meeting were read and approved on a motion by Dettling, supported by Wall.

Mr. Stuart Bolhuis, representing the Associated Truck Lines was present and discussed with the Council the problem of serviceing the Adair Printing Co. on Second Street. The problem being the load limit allowed on Second Street, which is now set at 18000 pounds gross weight. Mr. Bolhuis feels that consideration should be given to the trucking companies on Second Street between Central and Edison Streets so that the Adair Printing Co. can be serviced. Mr. Bolhuis suggested that the following consideration be given some thought and if possible be adopted for the Street in question. That the Washtenaw County Road Commission Road Load Restrictions be used in this case and that the Village of Dexter allow the following load limits on Second Street between Central and Edison Streets--During the ~~XXXX~~ frost laws, that loads be reduced to 34% of unit ~~XXXXXXXXXX~~ capacity and when the frost laws are taken off that loads be reduced to 50% of unit capacity. Mr. Bolhuis stated that loads of this size would be sufficient to service the Adair Printing Co. The Council advised Mr. Bolhuis that this matter would be considered, with a possible decision to be made at the April 11th meeting. Until that time the present weight restriction will be in force.

On request of the Civil Defense Office of Washtenaw County, Zone 5, which includes the Village of Dexter will participate in the National Civil Defense Exercise, known as Exercise Opal-60, on May 3 through May 5, 1960.

The question of a drainage problem affecting the property of Mr. Carter Brown at 3030 Baker Road was discussed by the Council. The Clerk was instructed to write a letter to Mr. William Rademacher, attorney for Mr. Brown, stating that this matter will be taken care of in the near future.

Mr. Keith Hoatlin, Assistant Fire Chief, asked the Council to consider posting more NO PARKING signs in the Fire Dept. Parking Lot, as a precautionary measure because much of the lot is being used for other parking, thus causing congestion in case of a fire. Said request was granted.

Preliminary discussion of the new budget was held at this time, with notes being made that the budget would not allow many new projects this year.

The following bills were presented for payment and were so ordered paid on a motion by Dettling supported by Socks.

COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING APRIL 11, 1960:

The meeting was called to order by President Layton. Trustees present were Blakely, Dettling, DeVine, Sartin, Socks and W. Wall.

The minutes of the previous meeting were read and approved on a motion by Dettling, supported by Blakely.

Mrs. Rose Johnson, residence at 7940 Grand Ave., and representatives of the Michigan Panalyte on Grand Ave., were present and requested that the Council reconsider the removal of the No Parking signs recently placed on Grand Ave. The placing of these signs has caused much inconvenience regarding parking in front of the Michigan Panalyte and the residence of Mrs. Johnsons, it was claimed. It was stated by the Traffic Committee and the Council that these signs were placed there as a precautionary measure because of a recent accident in the area in question and because it had become a traffic problem. However after discussion, when it was stated by the representatives of the Michigan Panalyte that a parking area was now being prepared on thier property and Mrs. Johnson agreed to the widening of the street in front of her residence, the Traffic Committee authorized the removal of these signs.

Mr. Lyle Bowdish, Village Assessor, was present and presented the 1960 Assessment Roll to the Council. Following are the tabulations:

On a motion by Wall, supported by Dettling, the above Assessment Roll and Tax Levy was approved and certified.

Collection of Village Taxes will be due and payable July 1, 1960. The deadline for the collection of 1960 Village Taxes will be October 1, 1960.

The Council authorized \$25.00 for Michigan Week Promotion.

The Council authorized President Layton to name a Contingent Council as requested by Civil Defense. This Council would act only in event of a ~~NICKELITE~~ disaster, should the elected Council have to be replaced.

COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING AUGUST 22, 1960:

The meeting was called to order by President Layton. Trustees present were Blakely, Sartin, Socks and W. Wall. Trustees absent were DeVine and Dettling.

The minutes of the previous meeting were read and approved on a motion by Blakely, supported by Sartin.

Permission to connect to the Village Sewage System by the Jenkins Equipment Co., which is outside the Village Limits, was denied. The reason for this being that the Village of Dexter is now, and has been for the past two months, conducting a complete study of the Sewage Treatment Plant and Sewage System to determine its capacity and the necessity for new construction.

The bids for the new Fire Truck were again reviewed and the bid of the John Bean Co. was accepted. The John Bean Co. bid was in the amount of \$8127.00. The bid of Henry Moss was \$7897.90. The Fiesta Rambler Co. bid only on the chasis and not the entire unit and was therefore not considered. The John Bean Co. bid was accepted over the Henry Moss bid because the Henry Moss bid did not entirely cover the specifications as listed for the bidding. It was therefore moved by Blakely and supported by Wall the the bid of the John Bean Co. Be accepted. Carried.

The Fire Dept., on the request ~~XXX~~ of Fire Chief Keith Hoatlin, was authorized to purchase a ~~XX~~ ventalating fan to clear smoke filled buildings which sometimes result do to a smoldering fire. Mr. Hoatlin stated that this would add to the safety of the firemen while fighting such a fire.

Mr. Robert N. Putman, 3907 E. Delhi Road, Arn Arbor, Michigan, was selected by the Council to fill the vacancy in the Village Police Dept. Mr. Putman, 37 years old, maaried, the farther of three children, had previously ~~XXXXXXXXXX~~ served with the Ann Arbor Police Dept. Mr. Putman will work the second shift and will begin his duties on or about September 1st.

The following bills were presented for payment and were so ordered paid on a motion by Blakely, supported by Socks.

COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING SEPTEMBER 12, 1960:

The meeting was called to order by President Layton. Trustees present were Blakely, Dettling, DeVine, Sartin, Socks and W. Wall.

The minutes of the previous meeting were read and approved on a motion by Wall, supported by Dettling.

A letter from the Washtenaw County Health Dept. to the Village of Dexter recommended that continuous chlorination of the water system be started. The letter advised that where phosphates are used in a water system, such as in Dexter, it is generally mandatory by the State Health Dept. that continuous chlorination be used. It was also noted in the letter that where phosphates, and continuous chlorination are used the results are generally more satisfactory. As a result of this letter and study, the Council authorized that proper chlorination equipment be installed at the pump houses, and that notification be given to the Washtenaw County Health Dept., and The Michigan State Dept. of Health of said action.

A letter from Dr. and Mrs. Norman Wilner regarding the construction of sidewalk along the north side of Fifth Street by their residence and Dr. Wilners Dental Office was read to the Council. The letter also stated that it was necessary for them to construct 52 feet of sidewalk before the Dental Office could be opened. The letter requested that the Village share in this cost and that consideration be given to extend the sidewalk. The Clerk was authorized to inform Dr. and Mrs. Wilner by letter, that consideration would be given to construct sidewalk on the north side of Fifth Street from Central Street to Broad Street providing a petition from the property owners abutting the proposed was presented. The Council feels that it has no liability in sharing the cost of the already constructed walk because it was done under private contract by the owner.

It was noted that Trustee Malcolm Blakely may attend the Michigan Municipal League Convention at Grand Rapids, Sept. 21-23, as a delegate from Dexter.

The purchase of two tires for the Police car was authorized.

Due to the increased cost of operating the pick-up of garbage and rubbish in the Village of Dexter and due to the need that this operation be self-sustaining, it was moved by Blakely and supported by Wall that the rates for these pick-ups in the residential areas be increased from \$2.00 per quarter to \$2.75 per quarter, and that the rates in the business and commercial area be increased in accordance with the recommendations of Supy. of Public Works, Victor Sindlinger, these rates being approved by the Council. Motion carried. Each business establishment will be notified of their new rate.

A third shift for the Police Dept. was again discussed. This would give the Village 24 hour a day protection. No definite plan or solution was arrived at, and will be further discussed at a latter meeting.

It was moved by Wall and supported by Dettling that a new "Homelite" pump be purchased for the use of the Public Works Dept. This pump to replace an older pump which no longer serves the needs of the Department. This pump to be purchased from the funds of the Water Dept. Motion carried.

As soon as specifications for a new gas furnace for the Fire Hall can be completed, same will be advertised for bids. The installation of this type furnace will, according to a study of heating firms, will decrease the cost of heating the Fire Hall.

COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING SEPTEMBER 12, 1960 (Cont)

At the request of the Civil Defense for Washtenaw County, and Deputy Director for Zone 5 and the Village of Dexter, Mr. Victor Sindlinger, Civil Defense decals were given to each of the elected officials of the Village of Dexter. These decals are to be displayed on the windshields of the cars owned by the elected officials. This being a request and recommendation of the National Defense Organization.

It was noted that on September 25th, the Village of Dexter will play an important part of a Civil Defense Operation Alert. The President and Councilmen were requested to be on call for that day to participate in the exercise.

The question of selling at auction, bicycles which have been abandoned and picked up by the Dept. of Public Works and Police Dept., was brought up. The Clerk was instructed to contact the Village Attorney on this matter and see if an ordinance was necessary to carry out this program.

The question of a parking lot behind the stores on ~~XXXX~~ the south side of Ann Arbor Street was discussed. The location of this parking site would be the old Fire Hall site. The cost of this parking lot ranges from \$1198.75 to \$1412.00, 1407.00, disregarding unforeseen troubles. No definite action was taken on this proposal at this time.

The Olympic Construction Co., Builders of Millbrooke Farms in Cashing Court, have received the permission of the Council to construct 8 inch Sewer Mains and 4 inch Water M<sub>a</sub>ins on Inverness Street. This to serve 5½ lots on Inverness Street north of Second Street and 1½ lots south of Second Street on Inverness Street. Also the Olympic Construction Co. is to install the necessary Storm Sewer System, Curb and Gutter, and bituminous concrete streets in the width of thirty (30) feet, and all other qualifications requested by the Federal Housing Commission. The cost of this construction and work to be borne entirely ~~XXXX~~ by the Olympic Construction Co.. In addition there is to be no dead end water main.

The following report from the Traffic Committee was given to the Council and approved. The Traffic Committee is composed of the following persons: Trustee Alfred Dettling Jr., representing the Village Council, Marshall Louis Beson and Vincent LaRosa, representing the Businessmen. Also in attendance in the meeting were President Floyd Layton and Victor Sindlinger, Supt. of Public Works.

- 1- To remove the No U Turn signs at Baker Street and Ann Arbor Street and at Central and Ann Arbor Streets.
- 2- To enforce the "No Parking, Village Right of Way" signs in all alleys.
- 3- To obtain an estimated cost of a parking lot at the old Fire Hall site and the lot behind the DeVine Chevrolet Sales Co.
- 4- To restrict the school buses to one route, the same as last year, and to restrict the buses to said route. By doing this, it would eliminate unnecessary heavy travel on primary streets and cause less damage to said streets.

The following resolution was adopted by the Council congratulating Miss Nancy Anne Fleming, of Montague, Michigan, in winning the title of Miss America for 1961. A copy of the resolution, carrying the Village Seal was sent to Miss Fleming, and a copy to the City Council of Montague, Michigan. The Village Council felt it proper and fitting to adopt this resolution and send congratulations to Miss Fleming because of the honor she has brought to all of Michigan.

RESOLUTION .

WHEREAS, Miss Nancy Ahne Fleming, the pride of Montague, and the entire State of Michigan, has been proclaimed Miss America for 1961, and

COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING SEPTEMBER 26, 1960:

The meeting was called to order by President Layton. Trustees present were Blakely, Dettling, DeVine, Socks and William Wall. Trustee absent was Sartin.

The minutes of the previous meeting were read and approved on a motion by Wall, supported by Blakely. Carried.

Mr. William Urquhart, attorney at law, was present, and stated that he was representing various business men in regards to the increased rates for the collection of rubbish and garbage in the business area. Mr. Urquhart stated that his clients did not understand the basis on which the raise was made, and that they would like a clarification of same, also the probability of some adjustments. Mr. Urquhart also stated that his clients would be paying this increased rate under protest, at least until the basis for the raise was clarified or understood. Mr. Roscoe Bonisteel Jr., the Village Attorney was also present and stated that he would be very glad to meet with Mr. Urquhart on this matter, and to clarify same. The Clerk was instructed to prepare copies of these rates and to furnish them to Mr. Bonisteel so that they would be available at the time he met with Mr. Urquhart, Mr. Urquhart to receive a copy at that time. It was understood that after this meeting, Mr. Urquhart would again appear before the Council on behalf of his clients.

The Clerk was instructed to notify Mr. B.B. Brown, ~~XXXXXX~~ developer, of the Millbrooke Farms, in Cushing Court, that the extension of water and sewer mains on Iverness Street, per his request, would be done under the supervision of the Village engineers, Ayres, Lewis, Norris and May. This to be done in the interest of the Village.

Mr. William Rademacher, attorney, representing Mr. and Mrs. Carter Brown, was present and requested the Council to consider the drainage problem of Mr. and Mrs. Browns on thier lot bordering Grand Ave. Mr. and Mrs. Brown were also present and stated that they wish to build on this lot, however the drainage of water on thier lot caused a problem to this. It was suggested by Mr. Rademacher that part of this problem was due to Village as well as other causes, and that if possible, a solution should be forthcoming in the near future. It was agreed between Mr. Rademacher, Mr. and Mrs. Brown and the Council that this matter be turned over to the Street Committee and the Supt. of Public Works, Mr. Victor Sindlinger, for study and recommendations. It was noted at this time that such a drainage system may well cost between \$3000.00 and \$4000.00. A report is to be made to the Council at the next regular meeting.

The Clerk was instructed to advertise for bids for new gas heating furnace for the Fire Hall. Bids to opened October 10, 1960 at the Council meeting.

COUNCIL PROCEEDINGS\*\*\*VILLAGE OF DEXTER\*\*\*MEETING OCTOBER 10, 1960:

The meeting was called to order by President Layton. Trustees present were Blakely, Dettling, Sartin, Socks and W. Wall. Trustee absent was DeVine.

The minutes of the previous meeting were read and approved on a motion by Dettling, supported by Sartin.

Mr. B.B. Brown, developer of Cushing Court, was present and requested that the Council waive certain restrictions on the development of Inverness Street in Millbrooke Farms. Such restrictions to be waived would be the curbing of Inverness Street, but that a storm sewer and catch basin be constructed in its place, also that the dead-ending of the water mains be allowed, but that provisions for cut-off valves and hydrants be installed. These items had been waived by the Federal Housing Administration for this project. The Council reviewed Mr. Brown's request, and then granted permission to waive the above stated items, as did the FHA.

A letter from Mr. and Mrs. Leo Graf, 7682 Grand Ave, was read to the Council at this time. The letter stated that sewage had backed up into their basement and had caused damage to their furnace and other items ~~XXX~~. It was also stated that this had happened before and that the probable cause was from the Village sewer main. Mr. and Mrs. Graf asked that the Village reimburse them for the damage caused. After discussing the letter, it was the decision of the Council to further investigate this problem. It was noted that the sewer main had been flowing properly just prior to the Graf incident, and that the Reynolds Sewer Cleaning Service of Ann Arbor had been called to check the complaint, and which at the time the main was satisfactory.

The Council was in receipt of a letter from the Mayor of Montague, Michigan, thanking the Village for their resolution on behalf of Miss Nancy Anne Fleming, Miss America.

Roscoe Bonisteel Jr., Village Attorney, and William Urquhart, Attorney for various businessmen in the Village, reported to the Council, prior to its meeting, that they had not had sufficient time to completely study the increased rubbish rates for the commercial area. At the Council meeting of Sept. 26th, Mr. Urquhart was retained by the various businessmen to request from the Council its basis for the increased rates, and to make adjustments if such a study seemed to warrant it. Mr. Bonisteel and Mr. Urquhart stated that they would try to have a report for the Council ready, by its next regular meeting.

It was noted that ~~XXX~~ the Dexter Chamber of Commerce had stated that it would have a committee at this meeting to discuss plans ~~XXX~~ with the Council for possible future expansion of the Village limits. However, as no committee appeared, the Council wishes to extend to the Chamber, at its request, willingness to meet with them to discuss mutual problems pertaining to the Village.

Ed Stacey was granted permission to use the the old Fire Hall site to sell Christmas trees. In return, Mr. Stacey shall furnish help to the Village, as needed, in part, for snow removal this winter. This work at no cost to the Village.

Bids were received from Otis Moore, Dexter, Michigan, Steptoe & Arksey, Dexter, Michigan and Hutzler and Co., Ann Arbor, Michigan, for new gas heating equipment for the Fire Hall. The bids were opened, read and reviewed, then tabled for action until the next regular meeting.

The following bills were presented for payment and were so ordered paid on a motion by Blakely, supported by Wall.
